Dear Madam,

we are unable to access the views from View menu in RRAMS stage (agdemo) application. Tried to resolve from my end, but unable to fix it.

So I request your permission to take developers help to fix this issue.

Attached screenshot for reference.

Please compare the time difference between the two screenshots.

Dear Madam,

The issue has been resolved and now we are able to access views from View menu.

Dear Krishnakanth, please close the ticket.
