On 29thJan2025 to 30Jan2025, in my free time I have compared given adminboundariesdata(given by Hari) with existing data. And added new data in DB.  
On 3rdFeb2025,Satya sir given adminboundariesdata of 2 wings("R&BD CapitalProjects" and "R & BD State"), so i have compared these new data with updated db data.The given data is matched with updated db data but 10 subdivisions are more in our existed DB data.  
On 4thFeb2025,again compared the new given data with existed db data and highlighted the updated adminboundaries.and prepared excel sheet for each adminboundaries.  
On 5thFeb2025, again All wings data and 2Wings data excelsheets are given by Mr.Kiran, so again I have compared the updated DB-data with given 2 sheets  
and also compared difference between these 2 sheets.
