

Rwanda RAMS - Task #1767

Discussion points

07/03/2025 11:12 AM - Sandhya Yarlagadda

Status:	New	Start date:	07/03/2025
Priority:	Normal	Due date:	
Assignee:	Bhanuchander Sannidhanam	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:		Spent time:	0:00 hour
Deployed In:		Category:	
Description			
7. we need TMS expert to explain the assumption of traffic distribution. we clarified as we are not here to explain all the things the system has the provision to accept your data and execute accordingly and give you reports respectively. (MOM_March 6th)			
MOM_March 5th			
4. data validation especially the condition like cracking, potholes, etc., other than video is there any way.			
7. maybe we can merge the network data and prepare sections process steps instead of giving them separate.			
8. similarly can we merge the network data and the simplified PMS process steps.			
14. need a page where the user can generate any kind of data based on his requirement and export it. ex. multiple roads selection with roughness very poor,.
