

E-Arogya - Feature #210

Feature # 110 (New): [LAB] Laboratory OP Module

[LAB] Create UI screen for result entry feature

30/04/2024 05:02 PM - Srusvin Loka

Status:	Resolved	Start date:	30/04/2024
Priority:	Normal	Due date:	
Assignee:	Uma Maheswarachari Melpati	% Done:	70%
Category:		Estimated time:	20:00 hours
Target version:	Lab OP (MVP)	Spent time:	0:00 hour
Deployed In:		Category:	UI
Description Create UI screen for result entry feature 1. Load the screen when we select a Lab OrderID in Laboratory worklist. 2. Patient banner and order banner details to be loaded. 3. Screen is dynamic. Based on the test-parameter mapping, the Lab parameters will load the screen. 4. Result value input object, units will be loaded dynamically based on the type of parameter. 5. Normal range will be loaded based on the respective parameter master data configuration. 6. Verify and print button to be enabled only after result entered status. 7. Pathologists dropdown values to be considered from Specialty - Lab doctor mapping master based on the lab test's specialty. 8. select the 'Result Template' mapped to the lab test and upon selecting one template, load the template default result data in the result screen. clipboard-202404301702-2gf82.png			

History
