Description

1)Look on methods to multiple calls and multiple database hits.
2)Check insert, update new jobcards functionality after changing the code. Don't change exist functionality

History

#1 - 12/07/2024 12:06 AM - Nagasai Tirumala Kumar Kuppala

- Status changed from New to In Progress

1)Look on methods to multiple calls and multiple database hits.---->checked and modified respective methods which hits database again and again in job cards .
2)Check insert, update new jobcards functionality after changing the code. Don't change exist functionality--->need to check the funtionality to the modified code changes in job cards.
